English

PROFILE

Passionate and motivated Frontend Web Developer with a solid foundation in HTML, CSS, and JavaScript. Self-taught and committed to continuous learning, I possess a strong understanding of web design principles, enabling me to create visually appealing and user-friendly interfaces. Skilled in converting wireframes into responsive web pages using clean, well-structured code, I prioritize delivering pixel-perfect results and intuitive user experiences across different devices and browsers. I have built an impressive portfolio through personal projects, demonstrating my fast learning abilities and problem-solving skills. Collaborative and an effective communicator, I thrive in teamwork and am eager to contribute to a supportive and challenging work environment. Ready to kickstart my career, I am confident in my abilities to make meaningful contributions as a Frontend Web Developer.

PROJECTS

GLOVO CLONE

April 2023

Technology: React, CSS, Bootstrap
